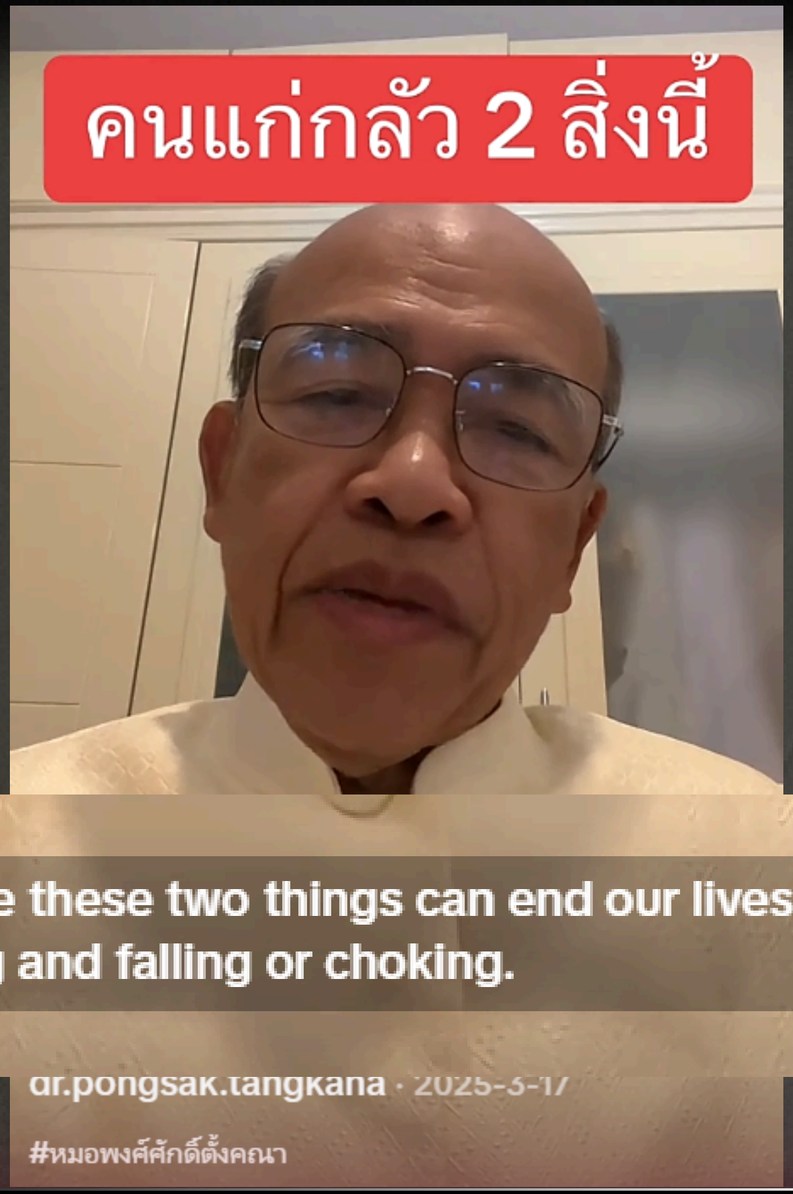
*A life-saving shield against the silent **danger of eating alone**.*

CHOKING ⚠

A seemingly harmless symptom with **life-threatening risks** in the elderly



คนแก่กลัว 2 สิ่งนี้
because these two things can end our lives:
choking and falling or choking.

*A life-saving shield against the silent **danger of eating alone**.*

OUR AIMS

1 **Detect** choking immediately

Prevent unnoticed choking

2 **Follow-up** for Aspiration Pneumonia

Spot the disease's signs early
